STATEMENT OF OBJECTS AND REASONS.

The Schedule of import duties contained in the Indian Tariff Act, 1894, has, under the influence of a long succession of amending Acts, become amorphous and the numbering of the items has lost its serial character. The classification of articles is far from scientific, and, in order to ascertain the amount of the duty imposed on many of the items contained in the Schedule and the duration of the duty, it is necessary to collate the Act with other Acts such as the Indian Finance Act, 1931, the Indian Finance (Supplementary and Extending) Act, 1931, and the various protection Acts. In practice commercial bodies and importing merchants have recourse, for the vital information required by them regarding customs duties, to a compilation known as the Indian Customs Tariff drawn up by the Department of Commercial Intelligence and Statistics, which goes some way towards supplying an intelligible statement of the Indian Tariff. This compilation, while reproducing the items contained in the Second Schedule to the Indian Tariff Act, 1894, has recognised the necessity for an extensive rearrangement of the order of those items and for stating the rate of duty on each article, not as it appears in the Schedule to the Indian Tariff Act but as it stands when the effect of the surcharges imposed by the two Finance Acts of 1931 and the modifications of duty made by subsidiary Acts has been allowed for. Despite these readjustments, the arrangement of items in this compilation also leaves much to be desired, and its variation from the Schedule to the Tariff Act, with which it can be co-ordinated only by the use of a complicated index, is a source of continual trouble.

2. The object of the present Bill is to consolidate the existing provisions of law now to be sought in a multiplicity of enactments as far as possible into one measure, thereby enabling the whole or parts of some fifty Acts to be repealed. The Schedule of import tariffs will thus exhibit as far as possible the actual rate of duty payable on each article under the tariff law for the time being, the only duties not included being those imposed by the Salt (Additional Import Duty) Act, 1931, an Act which contains matter which it would be unsuitable to include in the present Bill. At the same time the items subject to duty have been rearranged upon a scientific plan enabling any particular item to be found without the use of an index, and affording a suitable basis for future modification or supplement by legislation.

3. The Economic Committee of the League of Nations has recently devised the framework of a customs nomenclature designed for general international use by countries imposing tariffs on imports. While this framework is still merely a draft scheme not yet adopted by any nation, it offers a scientific classification made by experts of all articles commonly liable to import duties in accordance with which it is possible to rearrange the items contained in our present Tariff Schedule.

4. The framework arranges the whole body of imports under 21 main classes which form the headings of 21 sections. These sections are sub-divided into 86 chapters, which are again sub-divided into 991 basic items capable themselves of further sub-division into sub-items.

5. It has not been possible in this Bill to assimilate the items in our Tariff Schedule to the 991 items in this framework. To do so would necessitate changes of substance which would be unjustified in what is intended to be a purely consolidating measure, which makes no change in the existing law. But it has been possible without making any change of substance to adopt the 21 sectional headings with one subsidiary section for "Articles not otherwise specified", and to group the existing items in our Tariff Schedule under the 86 chapters of the framework, adopting the numbering of these chapters but not their headings.

6. We are thus enabled to take advantage of the logical scheme of classification of commodities evolved by a body of experts. There are obvious advantages in framing our tariff on a model which is likely to be universally adopted, not the least being the fact that familiarity with the British Indian Tariff Schedule will enable Indian commercial interests to understand the tariffs of other countries. Subsequent changes in our Tariff Schedule will not have the effect of producing increased divergence. On the contrary, it will be possible, by using the framework as a guide when alterations are being made, to approximate more and more to the League of Nations scheme.

NOTES ON CLAUSES.

Clause 2.—This reproduces sub-sections (*1*), (*2*) and (*3*) of section 3 and sub-section (*4*) of section 2 of the existing Tariff Act.

Clause 3.—This reproduces sub-sections (*3A*) and (*3B*) of section 3 of the Indian Tariff Act, 1894.

Clause 4.—Sub-clauses (*1*), (*2*) and (*3*) reproduce sub-sections (*4*), (*5*) and (*6*) of section 3 of the Indian Tariff Act, 1894. These sub-sections were introduced into the Act by the Steel Industry (Protection) Act, 1927, the duration of which as subsequently amended is limited to the 31st of October, 1934. Sub-clause (*4*) of this clause gives effect to this limit on the duration of the reproduced provisions.

Clauses 5, 6, 7, 8, 9 and 10 reproduce, respectively, sections 5, 7, 8, 8A, 8B and 10 of the Indian Tariff Act, 1894.

Clause 11.—The duration of practically all the protective duties in the Second Schedule to the Indian Tariff Act, 1894, is determined at present by a duration clause of some kind in the special Acts which made the amendments in the Tariff Act Schedule by which the protective duties were imposed. Thus, the whole of Part VII of the Second Schedule was inserted by the Steel Industry (Protection) Act, 1927, with effect originally only to the 31st March, 1934, and with effect as subsequently amended only to the 31st October, 1934. Act III of 1931, however, while it inserted Item No. 154A in that Part provided that the duty thereon should have effect up to the 31st March, 1941. Similarly, by Act XXXII of 1931 the duty on Item No. 141-B (Magnesium chloride) which is contained in PartVII is to have effect up to the 31st March, 1939. Again, by Act XIII of 1932 the duty on Item No. 157 (Sugar) which is contained in Part VII is to have effect up to the 31st March, 1938. It is only by reference to the various protection Acts that the duration of these protective duties can be ascertained. In the revised Schedule to this Bill a special column has been inserted in which is specified the date of expiry of every duty of limited duration, this date being reproduced from the relevant protection Act. Sub-clause (*1*) of clause 11 of the Bill explicitly limits the duration of each such duty to the date so specified.

Sub-clauses (*2*) and (*3*) reproduce the effect of section 5 of the Wheat (Export Duty) Act, 1931, allowing the whole of that Act, with three amending Acts, to be repealed, although it does not expire until the 31st March, 1935. The duties imposed by the repealed Act are included in the revised Schedule contained in this Bill.

Clause 12.—This reproduces section 9 of the Indian Tariff Act, 1894.

Clause 13.—This corresponds to sub-sections (*1*), (*2*) and (*3*) of section 2 of the Indian Tariff Act, 1894, except for the verbal modifications rendered necessary by the fact that as that Act itself adopted notifications made under preceding Acts, so it might be necessary for this Bill in turn to adopt the notifications made prior to 1894.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to make some necessary amendments of a formal nature in certain enactments and to repeal certain spent or useless matter in the Statute-book.

The reasons for the proposed amendments and repeals are explained as follows :—

(1) *The Births, Deaths and Marriages Registration Act, 1886.*—Section 35A, which contained two sub-sections, was inserted by section 2 of Act XVI of 1890. The Devolution Act, 1920, substituted a new sub-section for sub-section (*1*) and repealed section 2 of the Act of 1890. The repeal of this section has had the effect of repealing by implication sub-section (*2*) of section 35A. This was not intended. The amendment restores sub-section (*2*).

(2) *The Measures of Length Act, 1889.*—This is a formal amendment. The Municipal Act of 1888 has been repealed and the extant Act of 1923 does not continue the provisions referred to in the word repealed.

(3) *The Code of Criminal Procedure, 1898.*—This amendment corrects an obvious error.

(4) *The Income-tax Act, 1922.*—These amendments are consequential on the amendments made in sections 19 and 58G by the Income-tax (Second Amendment) Act, 1933.

(5) *The Indian Merchant Shipping Act, 1923.*—The changes correct grammatical errors and a drafting error.

(6) *The Cantonments Act, 1924.* The amendments are intended to supply an accidental omission and to correct wrong lettering.

(7) *The Provident Funds (Amendment) Act, 1929.*—This amendment is purely formal and sets right an obvious error.

(8) *The Bombay Abkari Act, 1878, and the Dangerous Drugs Act, 1930.*—The amendments are designed to correct a mistake made in the latter Act.

(9) *The Indian Lac Cess Act, 1930.*—This amendment fills an existing lacuna.

(10) *The Indian Partnership Act, 1932.*—This amendment corrects a clerical error.

(11) *The Criminal Law Amendment Act, 1932.*—This is a formal amendment to correct a clerical error.

(12) *The Indian Marine Act, 1887.* These amendments are consequential on the disappearance of the proviso to sub-section (*1*) of section 53 of the Act.

(13) *The Indian Steam-ships (Amending and Validating) Act, 1902.*—The surviving portions of the Act are spent.

(14) *The Repealing and Amending Act, 1930.*—The repealing provisions of this Act are themselves repealed according to current practice in order to abbreviate the Statute-book.

(15) *The Aden Laws (Amendment) Regulation, 1927.*—This Regulation is no longer operative as the principal Regulation which it amended has been repealed.

Dacca, the 28th July 1934.

Forecast of the Summer Til (Sesamum) Crop of Bengal, 1934-35.

(Note.—On an average of the five years ending 1932-33, the area under til in Bengal has represented some 2·4 per cent. of the total area under til in British India.)

Character of the season.—At the outset weather was favourable for ploughing operation and sowings commenced generally in normal time. Subsequent dry weather affected the growth and development. The season was fair for the crop this year.

Acreage.—The area sown this year is estimated at 107,300 acres as against the same estimate last year.

Outturn.—From the District Officers' estimates the average outturn of the crop for the province works out at 77 per cent. of the normal this year as against 80 per cent. last year.

Taking the normal yield as 7 2/5 maunds per acre, the gross outturn of the crop for the province is estimated at about 22,500 tons this year as against 23,300 tons last year.

No. 3433M.—3rd August 1934.—The following draft of rules which, in exercise of the power conferred by clauses (*a*) and (*b*) of section 215 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Government of Bengal (Ministry of Local Self-Government) propose to make, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 5th October 1934, and any objection or suggestion received by the undersigned, through the District Magistrates, before that date will be duly considered:—

Draft rules prescribing the procedure to be followed by an assessor of municipal taxes appointed under the Act and by the Assessment Review Committee appointed under sub-section (1) of section 149 of the Bengal Municipal Act, 1932.

1. The Assessor shall commence work in sufficient time as may be fixed by the Commissioners at a meeting according to the local conditions, so as to finish his work at least three months before the date on which the new assessment is to take effect.

2. The office of the Assessor shall be situated in the municipal office or in any other suitable place provided by the Chairman for the purpose.

3. It shall be the duty of the Chairman to produce all relevant and required documents and papers in his power and otherwise render every assistance to the Assessor and the Assessment Review Committee appointed under sub-section (*1*) of section 149 of the Act in the discharge of their duties.

4. The assessor shall obtain from the Chairman copies of the current assessment registers and all information as to new holdings, and may issue notices under section 134 of the Act in Form A attached hereto to owners or occupiers of all holdings whose names appear in the said registers and to all owners or occupiers of new holdings, requiring them to submit to him, within one week of service of the notice, true and correct returns of the rent or annual value thereof and true and correct description of the holdings in Form B annexed hereto. These forms shall be printed by the Commissioners and copies shall be attached to every notice under section 134.

5. The notice referred to in rule 4 shall be signed by, or shall bear a facsimilie of the signature of, the Assessor.

6. The Assessor shall verify each return referred to in rule 4 in chronological order.

7. The notice of intention of the Assessor or any person authorized by him in writing, to enter, inspect and measure any holding shall be in Form C annexed hereto and shall be served by a special messenger in the manner laid down in section 510 of the Act.

8. (*a*) For the purpose of ascertaining the gross annual rental at which a holding may reasonably be expected to let comparison may be made with the rents of similar holdings in the vicinity. Regard may also be had to the rent which might reasonably be expected in an average year or taking one year with another, and not in any particular year. The rental of the holding in the past or in the future is immaterial, and a hypothetical tenant shall be assumed to use the property in the same way as the actual occupier, and to have the same facility for deriving profit from it, no more or no less.

(*b*) If such gross annual rental cannot, in the opinion of the Assessor, be easily estimated or ascertained, he shall determine the value of the building or buildings on the holding at the time of such assessment, regard being had to the age and existing condition of the building, its description and the dimensions of the rooms, the materials used, the area covered, accommodation, environment, road facility, commercial importance, sanitary condition, water supply facility, distance from schools and markets, present market value, and all other amenities and other conveniences. Ground rent for the land comprised in the holding shall be ascertained from the local sub-registry office.

9. When the annual value of a holding has been determined by the Assessor, he shall fill up the last two columns of Form B and prepare an assessment list in the manner prescribed in section 136 and in accordance with the percentage rate fixed by the Commissioners at a meeting under section 135. When the assessment list is ready, the Assessor shall endorse on it a certificate over his signature as to the correctness of the entries therein, and shall then make it over to the Chairman who shall give the Assessor a dated receipt.

10. The assessment list prepared by the Assessor shall be submitted with a brief report to the Commissioners showing the basis on which he has prepared the list, *e.g.*, it should compare different areas and streets or even parts of a street and show why properties in them differ in value. Further each actual assessment shall be accompanied by a note showing how he has arrived at it, comparing the property in question with other similar property and explaining why the assessment differs, if it does.

Procedure to be followed by the Assessment Review Committee appointed under section 149(1).

11. All applications for review of assessment or valuation or for exemption from assessment filed within the time prescribed in section 148 of the Act shall be entered in an objection list and that list with the assessment list to which objection is taken shall be placed before the Assessment Review Committee appointed by the Commissioners under sub-section (*1*) of section 149 of the Act.

12. The Committee shall then give at least seven days' notice under sub-section (*2*) of section 149 of the Act to the applicant in Form D annexed hereto of the time and place at which the application will be heard.

13. On the date so fixed for hearing, or any date to which such hearing may be adjourned, the Committee shall take such evidence and make such enquiry as it may deem necessary, in the presence of the objector or his agent, if he appears, and shall then pass such orders on the application as it thinks fit. One member of the Committee shall attest and date any correction in the assessment list that may be necessary

as a result of its decision, and the assessment list shall be final as soon as all the objections to it have been heard and determined.

14. For the purpose of determining the gross annual rental of a holding, the Committee shall generally follow the procedure laid down in rule 8.

15. The Assessor, or any other person authorised by him to enter, inspect or measure any holding under section 134 [in this behalf] shall be present at all meetings of the Committee to represent the Commissioners.

5. No Magistrate other than a Presidency Magistrate or a Magistrate of the first class shall try any offence punishable under this Act. [*Cf.* Ben. Act X of 1932, s. 17.]

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is effectively to prevent the besetting of industrial establishments and similar premises by professional money-lenders for the purpose of recovering their dues as a first charge on the wages of workmen employed therein. The Royal Commission on Indian Labour drew attention to this evil and observed as follows :—

"There are, however, many money-lenders who prey upon workers and depend upon the threat of violence rather than of the processes of the law. The *lathi* is the only court to which they appeal, and they may be seen waiting outside the factory gate on pay-day ready to pounce on their debtors as they emerge. Our recommendations [as to indebtedness in general] should not be ineffective even in their case, for they are as a rule fairly scrupulous even in using intimidation, and seldom employ it to exact more than the law allows. But stronger measures are justified, particularly as the object of waiting outside the factory is to ensure that their claims form the first charge on wages. We recommend, therefore, that besetting an industrial establishment for the recovery of debts be made a criminal and cognisable offence."

The Government of Bengal have decided at the instance of the Government of India and after consulting public opinion in Bengal to introduce this Bill into the Bengal Legislative Council with a view to giving effect to this recommendation. The Bill if passed into law would, in the first instance, be made applicable to industrial areas, such as Calcutta, the 24-Parganas, Hooghly and Howrah.

CALCUTTA, THE 1ST AUGUST 1934.

RESOLUTION—No. 4189Pl.

Read—

The Report on the Police Administration of the Bengal Presidency for the year 1933.

Mr. T. J. A. Craig, C.I.E., held the office of Inspector-General of Police throughout the year.

2. **Recruitment and Health of the Force.**—His Excellency is pleased to note that no difficulty was experienced in recruiting men of a satisfactory type during the year. The number of constables recruited was 1,532 against 1,880 in 1932. There was an appreciable decrease in the number of "discharges" from the force, which fell from 215 to 152. As the Inspector-General of Police observes, this indicates that a better type of men is now being attracted to the force. Admissions to hospital fell from 16,071 to 15,044 though the figure was still high in comparison with the figures of previous years.

3. **Discipline.**—It is satisfactory that the number of officers and men punished judicially and departmentally decreased from 42 and 8,569 respectively to 37 and 7,957. The number of

complaints instituted against the police by private individuals was 242 against 221 in 1932. It is significant that out of the 210 such cases disposed of during the year, 114 ended in dismissal, 80 in acquittal or discharge and only 16 in conviction. Altogether 13,725 officers and men received rewards, good service marks and commendations during the year for successful investigation and detection of crime and arrest of absconders and notorious criminals. A remarkable and most satisfactory feature of the year's working is that the amount distributed to members of the public for assistance rendered in the prevention and detection of crime rose by Rs. 5,890 to Rs. 28,252 as compared with Rs. 22,362 distributed in the previous year.

4. **Crime Statistics.**—There was a decrease in the number of true cognizable cases from 71,481 to 67,666, while the number of non-cognizable cases increased from 119,180 to 124,248. The increase in non-cognizable cases was mainly due to a larger number of prosecutions under the Motor Vehicles and other minor Acts. The number of true cases of serious crime showed a decline from 46,704 to 43,033. The decline was particularly noticeable in dacoity, burglary and theft cases, which fell from 1,852, 4,569 and 1,518 respectively to 1,518, 3,586 and 1,285. In dacoity cases the largest decrease was in the districts of Mymensingh, Dacca, Bakarganj, Pabna and Bogra, being 66, 43, 40, 31 and 29 cases less respectively than in the previous year. The decrease in serious crime is attributed to better supervision over criminal gangs and more intensive patrol in criminal areas. This was possible because civil disobedience was less intense and officers and men were able to pay more attention to ordinary crime. The percentage of convictions to the total number of true cases rose from 7·6 and 15·01 in the two previous years to 19·1. This again was doubtless due to the improved standard of investigation and increased scrutiny by supervising officers. Another noticeable feature in this connection was that *bhadraloks* took part in 28 dacoity cases reported from 15 districts. This is perhaps an indication of the extent to which the morale of that class has been undermined by subversive influences.

It is deplorable that offences against women coming under sections 366 and 354 of the Indian Penal Code, again show an increase. There were 52 cases more compared with the figure of the previous year, or an increase of 7·5 per cent. The increase reported in 1932 as compared with 1931 was 94 or 15·7 per cent., so that though the position is far from satisfactory the rate of increase has declined. This increase was not by any means universal and was confined to 16 districts particularly Rajshahi, Howrah and Tippera, and there is some satisfaction in the fact that other districts particularly Dacca, Mymensingh and Midnapore showed a decline. In 1932, Burdwan, Nadia and Hooghly were the worst offenders. The matter is one which continues to engage the attention of Government, and the question whether the Whipping Act of 1909 should not be amended so as to make persons convicted of offences against women liable to the punishment of whipping is now under examination. The attention of local officers will be drawn to the necessity of putting down the evil in those districts where the number of cases shows an increase. The salutary effect of the amendment by Act No. XXI of 1932 of section 526 of the Criminal Procedure Code, the frequent misuse of which as a device for the obstruction of trials had for long been a feature of the judicial administration, was felt during the year under report. This section was resorted to in only 33 cases against 76, 106 and 195 in the three previous years.

5. **Working of the Rural Police.**—The total number of dafadars and chaukidars was 76,311 against 76,733 and the cost of their maintenance Rs. 55,95,790 against Rs. 56,85,481 in the previous year. The general working of the rural police during the year calls for no special comment, but good work on the part of individual members of the force in arresting dacoits and burglars and in other duties was not wanting. Such meritorious service was recognised by the grant of rewards amounting to Rs. 44,738 during the year —the percentage of those rewarded being 19·4 against 18·9 in the previous year. In Dacca a chaukidar was given a reward of Rs. 50 in connection with the arrest of a political offender. A gratuity of Rs. 100 was granted to the widow of a dafadar of Gournadi police-station in the district of Bakarganj who was killed in offering resistance to political dacoits.

His Excellency in Council is pleased to note that there has been an improvement, if a slight one, in co-operation between the Presidents of union boards and the police.

6. **Revolutionary crime.**—Excluding cases that occurred within the jurisdiction of the Calcutta Police, there were 41 outrages and other crimes committed in Bengal by terrorists against 74 in the previous year. The decrease was due to the vigorous drive against known absconders, the success of the police in seizure of arms and explosives and sustained action under the Bengal Criminal Law Amendment Act. As in previous years, many crimes were prevented by the internment of persons who were known to be planning them. The crimes committed by terrorists included one assassination, two assaults, two shooting affrays, twenty dacoities, in ten of which firearms were used, one attempted dacoity, one case of preparation to commit a dacoity, eight robberies, in four of which firearms were used, three attempted robberies and three bomb explosions. The assassination was that of Mr. Burge, District Magistrate, Midnapore, killed, unsuspecting and unarmed, as he was about to take part in a football match between two local teams. The actual assassins were shot by Mr. Burge's guards, but investigation enabled a conspiracy case to be instituted, as a consequence of which three persons were sentenced to death and five to transportation for life by a Special Tribunal. The appeal is now pending.

The most conspicuous success of the year against the terrorists was the arrest, not without resistance, at Gairala in the district of Chittagong of Surjya Kumar Sen, the leading absconder of the Chittagong Armoury Raid Case, and a fugitive from justice for nearly three years. Three months later, a combined civil and military force threw a cordon round a house at Gohira in the same district, where several absconders had taken shelter, and after an exchange of shots, in which two of the absconders were shot dead, one injured, and another arrested, seven persons surrendered, of whom the most notable were Kalpana Datta and Tarakeswar Dastidar, an absconder in the Chittagong Armoury Raid Case. Surjya Kumar Sen and Tarakeswar Dastidar have since been sentenced to death and Kalpana Datta to transportation for life by a Special Tribunal.

The biggest dacoity in the year was that committed on the 28th October at Hili railway station on the main line between Calcutta and Darjeeling in which 14 or 15 *bhadraloks* held up the entire station staff and decamped with the loot after firing at and injuring two mail van peons, one of whom succumbed later, and four coolies. The arrest of several of the raiders was effected by a zamindar with the help of other members of the public and chaukidars, as the result of clever strategy on the part of a constable. Some of the loot and also a loaded revolver, a loaded automatic pistol, a gun, some cartridges and three daggers were recovered from them. The part taken in this case by Hindu members of the public in bringing terrorist offenders to justice is welcomed by His Excellency in Council as a proof of an increasing determination to fight terrorism. Thirteen persons implicated in the case were arrested, all of whom were convicted by a Special Tribunal.

7. **Intelligence Branch and Military Intelligence Officers.**—His Excellency in Council desires to express his high appreciation of the loyalty, courage and devotion to duty displayed by all ranks of the Intelligence Branch during the year and to state again, what was stated last year, that Government will not hesitate to use all the resources necessary and available to support the Intelligence Branch in the struggle with the sinister movement which it is their special duty to fight.

The Military Intelligence Officers appointed soon after the military garrison of the province was augmented in 1932 to certain districts to act as liaison officers between the troops and the civil authorities also deserve a special word of praise for the good work they have done, notably in Chittagong, where operations of a special kind were needed to round up the absconders of the Armoury Raid Case and to deprive the terrorists of the support they had so long received from certain sections of the public.

8. **General.**—His Excellency in Council is pleased to note the valuable work done by the Watch and Ward

Committees of Chittagong. Started during the year, they now consist of a body of roughly 20,000 persons. They rendered valuable help to the police not only in dealing with ordinary crime but also in exercising check on the free movement of terrorists.

9. **Commendation of Officers.**—His Excellency in Council has read with pleasure the names of the officers brought to his notice by the Inspector-General of Police and records his appreciation of the valuable service rendered by all ranks of the force.

Great credit is due to Mr. Craig, the Inspector-General, for the standard of discipline and efficiency maintained throughout the year, a year which was perhaps less trying than the three which preceded it, but which none the less had its full share of difficulties and anxieties.

Order.—Ordered that copies of the resolution be forwarded to the Inspector-General of Police, Bengal, the Commissioner of Police, Calcutta, and all Commissioners of Divisions for information.

Ordered also that the resolution be published in the *Calcutta Gazette*.

J. M. BOTTOMLEY,

The Ven'ble Archdeacon O. W. Birch.

Mr. A. L. Collet.

Capital and income.—The capital of Institution, consists of a permanent investment of Rs. 10,65,000 in 3½ per cent. stock certificates together with a temporary investment of Rs. 32,500 as detailed below:—

(*1*) Rupes 12,000 in 4½ per cent. loan of 1955-60,

(*2*) Rupees 5,500 in 5 per cent. loan of 1939-43,

(*3*) Rupees 5,000 in 4½ per cent. loan of 1955-60, the scrip of which is all held by the Deputy Controller of the Currency,

(*4*) Rupees 5,000 at 2½ per cent. in the Savings Bank Account of the Imperial Bank of India, and

(*5*) Rupees 5,000 at 2½ per cent. as fixed deposit for one year with Lloyd's Bank, Ltd.

2. The temporary investment from savings thus stood at the end of the year at Rs. 32,500 as compared with Rs. 22,500 in 1932.

3. The total interest obtained in 1933 was Rs. 38,200-4 (against Rs. 38,097-6-1 in 1932 and Rs. 37,995-14-10 in 1931). In addition there was a refund of Rs. 34-6 on account of education and maintenance of two wards, as well as Rs. 230 contributions from parents, making the total income for the year Rs. 38,464-10 as compared with Rs. 38,201-4-1 in 1932.

4. The amounts received as interest, etc., were kept with the Imperial Bank of India, and in May 1933 Rs. 5,000 was placed in the Savings Bank Account of the Imperial Bank of India at 2½ per cent. and Rs. 5,000 at 2½ per cent. as fixed deposit for one year with Lloyd's Bank, Ltd., in order to earn extra interest.

5. The following table shows the progress of expenditure during the last five years as compared with the income:—

	1929.	1930.	1931.	1932.	1933.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

6. From the above summary it will be seen that the financial position of the fund is steadily improving. Further investments have not been possible during the year owing to banks not accepting fixed deposits in the early part of the year and subsequently offering 1¼ per cent., and considering the increase in new wards (16 in 1933, and 16 in 1934), it seems possible—especially if the policy is pursued of striking off the names of wards whose work is unsatisfactory—that there will be, during the next few years, an annual surplus of income over expenditure for investment. This may ultimately enable the Governors to consider the possibility of raising the present age limit of 17, and assisting more girls to take University examinations.

7. The number of wards on the 31st December, for each of the last five years, will be seen from the table given below:—

1929	1930	1931	1932	1933
105	101	93	95	94

8. Nine wards were withdrawn during the year, and two were struck off the rolls for absence without leave. Up to the date of writing of this report (25th March 1934) 10 of the total of 94 wards on 31st December have left, either on reaching the age of 17 or at the end of extensions granted to them. At the time of writing there are therefore 84 old wards plus 16 newly elected wards or 100 wards in all, as compared with 99 on the same date in 1933.

III. *Election to vacancies, etc.*—The annual election of wards was held on Monday, the 4th December 1933. On that date 9 vacancies were anticipated before 1st January 1934, but it has previously been decided to advertise 16 vacancies, and 80 applications were received. These were considered by a sub-committee consisting of (*1*) the Reverend Father F. Keyeux, S.J., (*2*) the Ven'ble Archdeacon O. W. Birch, (*3*) the Reverend C. H. Archibald, (*4*) Mrs. W. A. Burns and (*5*) Mr. T. G Barker, officiating Inspector of European Schools, Bengal (convenor), and on their recommendation 16 girls were elected. Of the sixteen girls elected (against a similar number in the previous year) five were placed in the Pratt Memorial School, three in the Loreto Convent, Entally, four in the Convent of St. Joseph's Chandernagore, one in Dow Hill School, one in St. Joseph's Convent, Kalimpong, one in St. Andrew's Colonial Homes, Kalimpong, and one in St. Thomas' School, Kidderpore.

2. As favourable medical and school reports were received regarding the sixteen girls elected in 1932, these were confirmed by the Governors.

3. Of the eleven girls who left during the year under report, one was withdrawn by her mother, two were struck off the rolls for absence without leave, eight on completing 17 years.

4. Of the ten wards withdrawn during the year 1932 one married early in 1933, three took up commercial training with a view to employment as steno-typists, one was reported to be studying further to become a lady doctor, one joined the Campbell Hospital for a training as a nurse, one joined Loreto House, passed her I.A. Examination and joined Dow Hill Training College this year for a training as a teacher, another was studying for the Matriculation but was subsequently reported to have taken up employment as a child's nurse, one took up employment as a child's nurse and was reported to be going to England this year in that capacity, and no reply was received from another who from enquiries made is staying with a married sister.

(5) At the close of the year the 94 girls on the rolls were distributed as follows:—

Loreto Convent, Entally—		
1st Boarding	...	15
2nd Boarding	...	9
Calcutta Girls' School	...	20
Pratt Memorial School	...	10
St. Thomas' School, Kidderpore		7
St. Paul's Mission School	.	8
Loreto Convent, Asansol	...	15
Loreto House, Middleton Row	...	1
St. Mary's Convent, Naini Tal	...	2
Dow Hill School, Kurseong	...	2
Bishop Westcott School, Ranchi		2
St. Helen's Convent, Kurseong	...	2
St. Joseph's Convent, Kalimpong		1
Total	...	94

6. The following table gives particulars as to the class and religion of the wards at the close of the year:—

Class.	Roman Catholic.	Church of England.	Non-Conformist.	Total.
1. Orphans or deserted by their parents ..	10	6	3	19
2. Fatherless or motherless or deserted by their father or mother ..	29	22	5	56
3. Those who have both parents alive ..	6	9	4	19
Total ..	45	37	12	94

IV. *Education and maintenance.*—The nature of the education imparted to the wards continued to be that prescribed for higher grade school under the Code of Regulations for European Schools in Bengal, but about half the total number of wards read in secondary schools.

2. The Governors are anxious that Bruce wards should become useful citizens when they leave school and have accordingly asked the Visiting Governors to make, in consultation with the school authorities, definite proposals where this seems desirable for training wards who have attained or are about to attain the age of 14, so that the last three years of their school life may be spent to the best advantage and be a preparation for earning a living.

3. Out of the seven Bruce wards who appeared at public examinations one passed the Cambridge School Certificate Examination, another the Matriculation Examination in the first division, two others the Junior Cambridge Examination, one appeared for Intermediate Theory of Music but failed and two others passed the Senior St. John's Ambulance First Aid.

4. Under the rules a ward is not ordinarily allowed to remain on the Foundation after the age of 17, when an outfit grant of Rs. 100 is given to enable her to make a start in life. In cases where wards wish to be trained as teachers, and have the support of the school authorities, or when some special training is recommended, or when a ward is preparing for a higher examination, such as the Intermediate Arts or Commercial Course Examinations, and in the event of a ward being well reported on, some extension of the period of benefit is generally allowed. Three wards were granted extensions during the year under report, two of them up to the end of the year and the remaining one for longer period.

5. The average monthly cost for the actual education and maintenance of each ward amounted to Rs. 24-11-1 against Rs. 25-6 in the preceding year. If all expenditure in connection with the Trust be included the figures are Rs. 28-1-6 and Rs. 28-8-6, respectively.

6. The amounts paid under the different heads of expenditure were as noted below:—

1932.	Rs.	a.	p.
Education and maintenance ..	30,741	13	3
Office establishment ..	999	14	2
Contingencies	215	12	6

V. *Inspection.*—Mrs. W. A. Burns was appointed Visiting Governor for the first half and the second half of the year 1933, to visit schools—chiefly those in Calcutta—who have Bruce wards. Mrs. Burns visited all the schools in Calcutta and saw the wards in each of them. She was specially impressed with the healthy appearance of the girls at St. Thomas', Kidderpore and the Convent of St. Joseph's, Chandernagore, compared with the other Calcutta schools.

VI. *Meetings.*—Four meetings were held during the year, and, among the resolutions passed, the following may be noted:—

(*i*) That the authorities of all schools in which Bruce wards are reading be instructed to give their attention to the importance of the dental treatment of these wards especially on the coming of their second teeth and to report whether they have satisfactory arrangements for dental examination and attendance.

(*ii*) That the following schools be added to the list of schools recognised by the Bruce Institution to which Bruce wards may be sent:—

(1) The Convent of St. Joseph's, Chandernagore.

(2) The St. Joseph's Convent, Kalimpong.

(3) The Sacred Heart Convent, Dalhousie (Punjab).

STATEMENT OF OBJECTS AND REASONS.

The protection afforded to the steel industry in India by the Steel Industry (Protection) Act, 1927, as subsequently amended, will expire on the 31st October of the present year. In accordance with the provisions of that Act an enquiry as to the extent, if any, to which it is necessary to continue protection to the industry and as to the manner in which any protection found necessary should be conferred, has been made by the Tariff Board. The present Bill seeks to give effect to the protective measures recommended by the Board. The recommendations of the Board, however, involve a very considerable reduction in the level of import duties in certain important cases with a resultant reduction in the revenue derived from duties of customs. It has, therefore, been found necessary to impose an excise duty on the production of steel ingots in British India and to impose a countervailing customs duty equivalent to the excise duty on steel ingots. This countervailing duty will be additional to the protective duties recommended by the Board and alternative to the *ad valorem* revenue duties on articles in respect of which protection has not been proposed.

Resolution on the Report of the Director of Public Health for the year 1932.

CALCUTTA, THE 8TH AUGUST 1934.

RESOLUTION—No. 1647 P.H.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Read—

The Report of the Director of Public Health for the year 1932.

Vital statistics.—The total number of births recorded during 1932 was 1,328,334 and the number of deaths 1,022,219: births, therefore, exceeded deaths by 306,115, as against an excess of 274,907 in 1931.

The combined birth rate and the death rate have never been lower since 1892, the birth rate being 26·6 per mille of the population and the death rate 20;5. The birth rate was lower than in any other province in India and it was only in the North-West Frontier Province, Burma and Assam that the death rate was lower. The rate of natural increase was the lowest in India.

Of the three districts, which showed an excess of deaths over births in 1931, Pabna was able to reverse this situation in 1932 and only in Jessore and Calcutta did the number of deaths exceed the births, but in both cases the excess was greater than in the previous year.

Infant mortality.—This was higher in Bengal than in any other province except Madras, Central Province and Burma.

237,593 infants under the age of one year died in 1932 as compared with 241,552 in 1931: this represents an actual decrease of 3,959 but an increase in the rate per 1,000 births from 174 to 178;9.

There was an increase of 138 in the number of dais trained during the year as compared with the figure for the previous year and it is hoped that as more and more trained dais become available and maternity and child welfare work attract greater attention, the incidence of infant mortality will show a corresponding improvement.

Cholera.—The number of deaths from cholera was 33,910 against 79,073 in 1931; this represents a decrease of 56·3 per cent. on the previous year and of 63·2 per cent. on the average of the quinquennium.

·7 per mille of the population died from cholera as compared with 1·6 of the preceding year; and 3·3 per cent. of the total provincial mortality was due to this disease.

1,001,690 cubic centimeters of anti-cholera vaccine were issued during the year against 2,395,405 in 1931 and there were 952,105 inoculations against 1,832,817. 148,726 wells, 37,889 tanks, 3,111 river ghats, 7,732 houses, 1,560 dobas and 64 latrines were disinfected against cholera. Other preventive measures included the provision of facilities for the inoculation of pilgrims proceeding to the Puri Rathjatra, the Ganga Sagar Mela and the Haj, assistance to the various local bodies and propaganda by means of pamphlets and magic lantern demonstrations.

Smallpox.—7,910 persons or ·2 per mille of the population died from smallpox as compared with 9,207 during the preceding year, and deaths from this cause represent ·77 per cent. of the total deaths in the province. The number of vaccinations increased by 543,711 or 149·1 per cent. in urban areas, and by 501,845 or 9·9 per cent. in rural areas as compared with the previous year.

Strict economy and scientific methods have reduced the cost of production of vaccine lymph from 2·54 and 2·74 pies of the two previous years to 1·11 pies per grain in 1932. Although a smaller number of calves was used for the purpose, the output was greater than in previous years with the result that Bengal is now the cheapest vaccine-lymph manufacturing province in India.

Malaria and kala-azar.—The number of deaths from malaria fell, from 349,111 in 1931 to 327,386 in 1932: this represents a death rate of 6·6 per mille of population. The death rate was heaviest in Nadia (18·8 per thousand), Rajshahi (18·3), Jessore (17·2), Malda (15), Dinajpur (12·6), Murshidabad (11·9) and Birbhum (11·1).

As in 1931, fever indices show the incidence of malaria to be in excess of 50 per cent. in Burdwan (56·7), Jessore (56·3), Nadia (56·2), Birbhum (54·2) and Hooghly (51·1).

10,720 died from kala-azar as against 10,199 in the preceding year. This represents a death rate of ·21 per mille of the population. 646 of the deaths occurred in towns and 10,074 in rural areas.

32 per cent. of the total provincial mortality was due to malaria, 3·3 per cent. to cholera, 1·04 per cent. to kala-azar, ·77 per cent. to smallpox and 6·09 to influenza, pneumonia, phthisis and other respiratory diseases.

In 1932 the city of Calcutta was threatened with a malaria epidemic owing to the invasion of the mosquito known as anopheles ludlowii, but the immediate danger was averted by the preventive measures which were taken by the Local Government with the co-operation of the local bodies and mills in the area affected.

Sanitary works and water-supply.—47·6 per cent. of the income of municipalities was spent on sanitary works during the year 1931-32—an increase of 1·9 per cent. over the preceding year when 45·7 per cent. was so spent. The average expenditure per head of the population also showed a considerable increase, as for water-supply the incidence was Rs. 11-11-8 in 1932 against Rs. 7-10 in 1931 and for drainage it was Rs. 5-7-1 against Rs. 2-5-8.

In the rural areas the proportion of the district board income spent on water-supply, drainage and sanitation was naturally very much smaller. 3·5 per cent. of their incomes was spent on water-supply against 3·7 per cent. in the preceding year, ·07 per cent. on drainage and 8·2 per cent. on sanitation against ·01 per cent. and 7·6 per cent., respectively.

School hygiene.—Health officers and local doctors visited 189 schools during the year and inspected 20,320 boys and 1,204 girls. In the preceding year they had inspected 202 schools and examined 21,085 boys and 817 girls: they reported that 25·9 per cent. of the children were well-nourished and 26 per cent. ill-nourished, while 12·9 per cent. were found to be suffering from eye-trouble.

The rural sanitary inspectors examined 86,310 pupils in 2,730 schools.

Educational propaganda.—The demand for publicity officers and materials again increased and the large number of health exhibitions held during the year testifies to the popularity of this form of propaganda, and the effect which they may be expected to have in stimulating public opinion to a demand for better health conditions.

The department attaches very great importance to this aspect of its functions as the creation of an atmosphere favourable to the adoption of hygienic principles and sanitary methods is essential if full benefit is to be derived from its activities. During the year under review, therefore, the publicity staff was increased from 5 to 12 units, each unit, possessing a lecturer, an operator and helper with a portable cinema outfit, and being on tour for an average of from 20 to 24 days each month. 1,300 shows and lectures were given during the year as against 500 in 1931 and they were attended by 18 lakhs of people. A second series of the film entitled "Village Reconstruction" was produced by the Publicity Superintendent during the year. These demonstrations appear to have aroused the practical interest of rural Bengal and the development of this method of popular education in hygienic principles is a matter which deserves serious consideration.

General.—Owing to the state of the provincial finances, the department was not in a position to embark upon any new schemes during the year but it was able to maintain its normal activities without any serious curtailment. Rs. 10,50,000 was provided to assist the various district boards in maintaining their rural health units, Rs. 2 lakhs were distributed for the improvement of the rural water-supply. Other grants included Rs. 80,000 for combating kala-azar, Rs. 59,000 for vaccination, Rs. 2,23,500 for anti-malarial measures and the free supply of quinine.

The services of the department were always available for advice and guidance and, in cases of serious epidemic outbreaks in any part of the province, extra staff and material were sent out to supplement the resources of the local authorities.

The outstanding feature of this year's report is, perhaps, the success of preventive measures over epidemic outbreaks, resulting in an all-round reduction in the number of deaths from preventible diseases.

Personal.—Dr. Khambata continued to hold the post of Director of Public Health throughout the year, and the Minister desires again to express his appreciation of his services and of the devotion shown by him and the other officers of the department.

By order of the Government of Bengal

G. S. DUTT,

Secretary to the Government of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th August 1934.

First Forecast of the Cotton Crops of Bengal, 1934-35.

(*Note.*—On an average of the five years ending 1932-33, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore. As the late crop has not yet been sown, this forecast deals only with the early crop.

Character of the season.—The weather was generally favourable for sowing and for early period of growing. The present outlook is reported to be satisfactory, on the whole.

Area sown.—The area sown is reported to be 72,903 acres this year as against 74,760 acres in the corresponding forecast of last year. The decrease in area in the Tripura State is attributed to depression in the cotton market.

Director of Agriculture, Bengal (offg.).

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th August 1934.

First Forecast of the Sugarcane Crop of Bengal, 1934-35.

(*Note.*—On an average of the five years ending 1932-33, the area under sugarcane in Bengal has represented some 7·2 per cent. of the total area under sugarcane in British India.)

Character of the season.—The weather was generally favourable for planting, although prolonged drought in March somewhat delayed the operation in places. Subsequent conditions also proved helpful to germination and growth of the crop. Present outlook, so far, is reported to be generally satisfactory.

Area planted.—The total area planted with sugarcane for the province is reported to be 274,900 acres this year as against 250,500 and 256,600 acres reported in the corresponding and final forecasts of last year. The increase in area is due to the extensive cultivation of the crop owing to abnormal demand and the propaganda work to restrict jute cultivation.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

The question of the provision of proper facilities for dental education and of the registration of dental qualification has been engaging the attention of Government for some time past. The need for a Dental Act providing for the registration of properly qualified men has been long felt by the public as well as by the dental practitioners of the province to whom it has been found impossible, without an enactment of this nature, to give adequate protection against unrestricted practice by unqualified persons. The Surgeon-General with the Government of Bengal has now advised Government that a committee should be appointed to consider the question in all its aspects. The Government of Bengal (Ministry of Local Self-Government) are accordingly pleased to constitute a "Dental Education and Registration Enquiry Committee" consisting of the following gentlemen:—

(1) Surgeon-General, Bengal—President.
(2) Principal, Medical College, Calcutta.
(3) Principal, Carmichael Medical College, Belgachia.
(4) Dr. Sir Hasan Suhrawardy, KT., M.D.
(5) Dr. Sir Nilratan Sircar, KT., M.A., M.D.
(6) Dr. H. A. Taylor.
(7) Dr. S. K. Mazumdar.
(8) Dr. R. Ahmed, Principal, Dental College, Calcutta.
(9) Superintendent, Dental College Hospital, Calcutta.
(10) Professor of Dental Surgery, Medical College, Calcutta—Secretary.

2. The committee will inquire and report on—

(*a*) the adequacy or otherwise of the facilities for dental education now existing in Bengal, and the steps which should be taken to improve them, due regard being had to the present condition of the provincial finances;
(*b*) the authority by whom degrees or diplomas should be conferred and the examination or examinations which should be required to be passed in order to obtain them;
(*c*) a scheme for affiliation of existing dental schools and colleges;
(*d*) the syllabus of studies to be pursued therein and the preliminary education to be required of the candidates seeking admission; and
(*e*) the question of the control and registration of Dental Practitioners.

3. No remuneration will be paid to any of the members for the above work and no financial commitment—direct or indirect on behalf of Government will be permitted to be incurred in respect of the constitution and work of the above committee. The committee will, it is hoped, submit its report to Government within a period of three months.

By order of the Govt. of Bengal
(Ministry of Local Self-Govt.),

(*2*) is declared by the Local Government under rule 5 to be governed by these rules.

3. The following Government servants shall be entitled to elect to be governed by these rules—

(*a*) any Government servant in service on the date on which these rules come into force who is, or has at any time been, eligible to draw overseas pay and either was on that date a subscriber to a Provident Fund specified in the Schedule or subsequently becomes a compulsory subscriber to such Provident Fund;

(*b*) any member of the police service in service on the date on which these rules come into force who is of non-Asiatic domicile;

8. (*1*) Where a Government servant governed by these rules was a subscriber before the date on which these rules come into force, the amount standing to his credit on that date, including subscriptions, contributions, if any, and interest for the year 1933-34, shall be converted into sterling at the rate of 1*s*. 6*d*. to the rupee and credited to his sterling account, and no subsequent rise or fall in the exchange value of the rupee shall affect the amount so credited to his sterling account.

(*2*) Interest on balances in sterling accounts shall be calculated in sterling at the rate prescribed for the time being in respect of deposits in the General Provident Fund.

10. The amount of any advance from the sum standing to the credit of a Government servant governed by these rules or of any withdrawal or substitution for the purpose of effecting a policy of life insurance shall be expressed in sterling, and the amount of any such advance or withdrawal shall be paid in sterling, or if the Government servant desires to be paid in rupees at the rupee equivalent of the sterling amount converted at the current rate of exchange calculated to the nearest half-penny. If instalments towards the repayment of such advance and the interest thereon are paid in rupees each instalment shall consist of the number of rupees which converted at the current rate of exchange calculated to the nearest half-penny shall be equal to the sterling amount payable on account of such instalment.

11. (*1*) When under the rules of the Provident Fund the sum standing to the credit of a subscriber who is governed by these rules becomes payable by reason of the happening of some contingency other than his death in service, the Account Officer, subject to any deductions authorised by the rules of the fund, shall pay him—

(*i*) in sterling the amount standing at credit in his sterling account if he has satisfied the Local Government of his intention to reside after retirement in a country where the rupee is not legal tender, or

(*ii*) in rupees in India the amount standing at credit in his rupee account if he had failed to satisfy the Local Government of his intention to reside after retirement in a country where the rupee is not legal tender.

(*2*) When under the rules of a Provident Fund the sum standing at the credit of a subscriber who is governed by these rules becomes payable by reason of his death in service the Account Officer, subject to any deductions authorized by the rules of the fund, shall pay to the person or persons entitled to receive the money, at his or their option (*a*) in sterling the amount standing at credit in the subscriber's sterling account, or (*b*) in rupees in India the equivalent at the current rate of exchange calculated to the nearest half-penny, of the amount standing at credit in the subscriber's sterling account.

12. For the purpose of these rules the current rate of exchange shall mean the telegraphic rate of exchange from Calcutta on London on the twentieth day of the month preceding that in which the transaction takes place.

13. The domicile of a Government servant for the purpose of these rules shall be determined in accordance with the provisions of Appendix B to Schedule IV of the Superior Civil Services Rules except that proviso (*b*) to rule 10 of the rules in that Appendix shall be disregarded.

14. Where under these rules any payment is to be made in sterling the Account Officer shall remit the amount through a bank for payment in the country in which payment is required.

15. These rules shall be deemed to be incorporated in, and shall have effect notwithstanding anything otherwise contained in, the rules of the Provident Funds specified in the Schedule, but these rules shall not affect the operation of the rules of the Provident Funds so specified in any respect in which the operation of such rules is not inconsistent with these rules.

Resignation.—The following member resigned his membership during the year—Sir Hariram Goenka, Rai Bahadur, C.I.E.

Staff.—Rai Sahib Somadev Ganguli, C.M.Z.S., continued in charge of the Garden as Superintendent throughout the year.

The following is a list of the superior staff of the Garden at the end of 1933-34:—

Superintendent.—Rai Sahib Somadev Ganguli, C.M.Z.S.
First Assistant Superintendent.—Mr. Nagendra Nath Banerjee, G.B.V.C., F.Z.S., F.R.H.S.
Second Assistant Superintendent.—Khan Sahib S. M. Yaqub Khan.

Store-keeper.—Babu Jugal Kishore Roy.
Clerk.—Babu Tarak Chandra Chatterji.
Gate-clerk.—Babu Bepin Behari Chatterji.

The menial staff of the Garden at the end of 1933-34 comprised, in addition to temporary men who were engaged as required:—

1 Jamadar.	1 Cook.
8 Durwans.	1 Head Gardener.
20 Keepers.	2 Cartmen.
14 Gardeners.	1 Night Watchman.
3 Sweepers.	2 Chaprasis.
1 Carpenter.	1 Syce.
2 Bhistis.	1 Scytheman.

The general condition of the animals was satisfactory and the death-rate normal. There were no epidemics of any kind though there were some cases of "Cat Distemper" amongst newly imported specimens. The larger carnivora thrived well and there were no serious casualties amongst them. The ruminants maintained excellent health and bred freely as appears from the Superintendent's report. Casualties amongst the birds have been normal and the collection of animals has never been larger or more varied than during the year under review.

The only important work undertaken in 1932-33 and completed in 1933-34 was the remodelling of the Small Carnivora House. At the eastern side large exhibition cages were constructed in place of smaller grilled cages. The exhibition cages connect directly with the existing dens and the floor is covered with sand. Each run is provided with a large cement basin containing water. The enclosure has proved to be one of the best houses in the Gardens and conduces considerably to the health of the occupants.

The question of improving the existing arrangement for exhibiting small cats engaged the attention of the Committee of Management and instead of the insanitary wooden cages with bars a set of new cages with iron frame and fitted on all sides with strong interlink wire-netting was constructed on a raised platform, each cage being separated from the other by a wide channel containing water which has the merit of isolating the occupants and preventing the spreading of any possible infection.

The entire roof of the Sarnomoyi House was half-terraced and made water-tight and a new sky-light 27 ft. long and 8 ft. broad has provided more light and air to the house. The plaster of the ceiling was repaired and the wood work was painted.

The old wire-netting of the Jhind House and the Mullick House required renewal, the entire enclosures were dismantled and new linked wire-netting was substituted. The iron work was repaired and painted.

The roofs of the Dumraon House and the Hospital Building which had been in a bad state of repair for some years were thoroughly overhauled, half-terraced and made water-tight. The ceilings were attended to and the beams and rafters painted.

The Hermitage.—The condition of this building, the residence of the Honorary Secretary, was found to have deteriorated since the last repairs executed in 1928-29. The house was examined by the Public Works Department Engineer who after inspecting it made certain suggestions for improving it which were carried out.

The annual repairs to the buildings were carried on departmentally as usual. Details are as follows:—

The Boundary wall, Burdwan House, the Servants' Quarters, the Store-godown, Superintendent's Quarters, Reptile House, Sone-bursa Enclosure, Drill and Mandrill House, the Refreshment Pavilions, were repaired, sand-plastered, colour-washed and painted as necessary.

The following buildings were lime-washed and colour-washed:—

New Monkey House, Kangaroo Enclosure, Boloram House, Entrance Lodge and Office, Murshidabad House, Gubbay House, Ezra House.

In addition to the above works, a number of repairs of minor importance necessary to the upkeep and maintenance of the Garden was also carried out.

The condition of the Garden was well maintained throughout the year and the usual work in the care of lawns, walks and roads was carried on as usual. The paths near the Dumraon House and round the Jhind House, on which an experimental application of "Bitumals" treatment was made three years ago and proved unsuitable, were resurfaced with tar-macadam.

The Gardens were carefully attended to and there was a particularly good show of flowering annuals especially of Dahlias. For a number of exhibits sent to the Agri-Horticultural Society's Exhibition, the Garden was awarded the President's cup, and several first and special prizes.

As stated in the last Annual Report the finances of the Garden are satisfactory to the extent that expenditure is balanced by income. With the closing balance gradually decreasing and with a 20 per cent. cut in the annual Government grant the Gardens may suffer notwithstanding the greatest care and economy, and it is again hoped that the Government will see its way to restore the grant to the original amount.

There was a falling off in the attendance of paying visitors during the year, the turnstile records indicating a total of 911,621 visitors, a decrease of 18,383 visitors as compared with the figures for the previous year. Corresponding with the decrease in the number of visitors the gate receipts decreased by Rs. 2,419-2.

The following is a comparative statement of visitors and receipts for the last four years:—

	Visitors.	Receipts.
		Rs. a.
1930-31	979,604	66,082 13
1931-32	928,501	62,141 6
1932-33	930,004	62,231 6
1933-34	911,621	59,812 4

A large number of children under four years of age and school children, attended by their teachers, were admitted free.

In addition 49,901 persons, visited the Garden on free days. A detailed statement of the number of visitors and receipts appears in Appendix B.

The Annual Fancy Fair was held as usual on the 30th December 1933 and 1st January 1934. The turnstiles recorded 21,480 one-anna visitors as against 19,559 visitors in the previous year. It is very satisfactory to note that the Zoological Garden receipts at one-anna have increased, thus entirely justifying the policy of admitting one-anna visitors into the grounds not reserved for the Fancy Fair.

The thanks of the Committee are due to those ladies and gentlemen who have added to the Zoological collection a list of whom is given in Appendix C. Thanks are also due to those who kindly offered to present animals to the Garden, but whose offers could not be accepted either because the particular species was already sufficiently well represented or owing to want of accommodation.

The Committee also desire to express their thanks to the following Railway and Steamer Companies for kindly conveying the animals belonging to the Garden free of charge:—

East Indian Railway, British India Steam Navigation Co., Ltd., Peninsular and Oriental Steam Navigation Co. through Messrs. Mackinnon Mackenzie & Co., and River Steam Navigation Co., Ltd., through Messrs. Macneill and Co.

In accordance with the arrangement mutually agreed to by the Calcutta Corporation and the Zoological Gardens and approved by the Government regarding the representation of the Corporation on the Committee, the Corporation generously sanctioned a grant of Rs. 21,904-14 in the shape of remission of Municipal rates in respect of the Zoological Gardens and outhouses for which the Committee express their thanks to the Corporation of Calcutta.

Thanks are also due to the Officer Commanding and Officers of the 2nd Battalion, 7th Rajput Regiment, stationed at Alipur, for permitting their regimental band to play at the Garden on Tuesday afternoons, free of charge.

The Committee are much indebted to those members of the public who send old and broken-down horses to the Zoological Gardens, where they are disposed of under the most humane conditions.

P. L. BUCKLAND,

President.

H. A. FOOKS,

Honorary Secretary.

A most serious loss by death was that of the male Chimpanzee "Mulloo." He had been in the Garden since 1930 and was a most clever and attractive creature—always gay and mischievous. He was ill for about 2 months and is believed to have died from splenic abscess.

The young female Chimpanzee purchased in 1931 has been put in the island occupied by "Mulloo." She seems to have taken kindly to her life and is happy in her new surroundings.

The death of the male Orang-outang "Munka" is also to be regretted. The specimen was purchased in 1925 and lived in the Gardens for about 8 years.

During the year two baby Orang-outangs, male and female, were purchased. The female arrived in a bad condition and died of disease of the liver shortly after arrival. The surviving Orang-outang is doing well and has become perceptibly larger and stronger judging by his healthy crop of red hair.

An acute and rapidly fatal form of cat distemper occurred during January and February. The disease first appeared in a consignment of two Tibetan Lynxes that arrived from Tibet and were lodged in the isolation cage in the Hospital. The infection spread to other recently acquired Felidæ which were also segregated in the hospital building and in addition to the original two Lynxes, three Leopard cubs, two Snow Leopards, 1 Tiger Cat, a Fishing Cat and a Golden Cat, a total of 10, rapidly succumbed to the disease.

(*5*) As soon as the Preliminary Electoral Roll has been published, the Chairman shall give public notice, as widely as possible, within the municipality that the roll has been prepared and may be inspected at the municipal office during working days and hours and shall state in the notice at what other places it may be inspected.

If more than one member of a joint family are entitled to vote the names of such members shall be included in such letter.

Any person entitled to vote under clauses (*b*) and (*c*) of section 23 (*2*) (*iii*) shall also send a letter to the Registering Authority stating his qualification.

5. The Registering Authority may by an order in writing appoint suitable persons to assist it in preparing the Preliminary Electoral Roll in respect of any ward or wards.

6. Any paper to be delivered to or demanded by the Registering Authority or the Chairman under these rules shall be deemed to have been delivered to the Registering Authority or to the Chairman if it is delivered to any officer of the municipality authorised in this behalf at the municipal office during working hours, and the Chairman shall by an order in writing so authorise an officer and have a copy of such order pasted on the municipal notice board for the information of the public.

7. Any member of the Registering Authority may sign notices or orders on behalf of the Authority when so authorized.

8. Any claim for the insertion of a name in the Electoral Roll or any objection against any entry in the Preliminary Electoral Roll shall be preferred to the Registering Authority in respect of the Preliminary Electoral Roll within 21 days of its publication. The Registering Authority shall not entertain any claim or objection received after 5 p.m. on the 21st day:

Provided that if the 21st day is a Sunday or a public holiday, claims and objections may be filed till 5 p.m. the next opening day.

9. Any person (hereinafter called the objector) may file a claim or objection on behalf of any person interested:

Provided that the person filing the claim or objection is authorized in writing by the person interested on whose behalf such claim or objection is filed.

10. Any claim or objection shall be in writing and signed by the objector and shall state the grounds on which it is based, and where it relates to an entry in the Preliminary Electoral Roll shall give the reference to or the particulars of that entry.

11. (*1*) Every objector whose claim or objection is entertained under rule 8 shall be served with a notice by the Registering Authority specifying the place where and the time when his claim or objection will be heard and notifying him that he may there produce or cause to be produced by an agent authorized in writing such evidence as he may wish.

(*2*) When objection is made to the inclusion in the Preliminary Electoral Roll of the name of any person recorded therein, the Registering Authority shall serve on such person a notice stating the grounds of such objection and specifying the place and the time fixed for the hearing of such objection and notifying him that he may there produce or cause to be produced by an agent authorized in writing such evidence as he may wish.

(*3*) Every such notice shall be in writing and shall be served (*a*) on the objector at the address given in his claim or objection or, failing such address, at the address entered in the Preliminary Electoral Roll, and (*b*) on a person to whom objection is taken under sub-rule (*2*) at the address given in the Preliminary Electoral Roll:

Provided that a notice may be served by the Registering Authority by sending it to the person concerned by registered post or even by ordinary post, if a certificate of posting is kept.

12. The Chairman shall cause to be published from time to time on the notice board at the municipal office a notice showing generally the dates on which and the places at which the Registering Authority will sit for hearing claims and objections.

13. The Registering Authority shall dispose of all claims and objections by the 30th day after the last day of filing such claims and objections under rule 8.

It shall be the duty of a Chairman or Executive Officer or Secretary to produce all relevant or necessary documents or papers in his power and otherwise render necessary assistance to the Registering Authority in the discharge of its duties.

14. On the date which is fixed for the hearing or to which the hearing may be adjourned, the Registering Authority shall hold a summary enquiry into the claims or objections preferred, and after considering any evidence produced under rule 11 or 13 shall record orders either allowing or disallowing the claims or objections. For the purposes of the enquiry the Preliminary Electoral Roll as published shall be presumed to be correct and complete until the contrary has been proved.

15. (*1*) The Registering Authority shall then cause the roll to be amended in accordance with any orders passed under rule 14 and shall endorse the amendments in token that this has been done.

(*2*) The roll thus amended shall be the Final Electoral Roll, and after being printed and, if necessary, renumbered serially, shall, not less than 45 days before the election day, be published in the same manner as the Preliminary Electoral Roll.

16. The Final Electoral Roll shall remain valid for all fresh elections and by-elections held under sections 26, 42 and 58 of the Act:

Provided that for the purpose of such elections, held during each year, subsequent to that in which the general election was held, the Commissioners shall, during the month of April of each such year, appoint a Registering Authority for the correction of the Electoral Roll, by including in it the names of all persons, not already on the Roll, who possess the necessary qualifications for being voters for the year, and by exclusion therefrom of the names of such persons who have since died or otherwise become disqualified for being voters for that year. The Registering Authority, as soon as it is appointed, shall, for this purpose publish a notice calling for claims for the inclusion of names and objections against any entry in the existing Roll. For the disposal of the claims and objections the provisions of rules 8 to 15 (*1*) shall be held to be applicable so far as possible. The corrections thus

made shall be printed and annexed to the existing Roll and the Roll thus corrected shall be published at the municipal office and shall at all times be open to inspection by the rate-payers at the municipal office. All persons whose names have been included in the corrected Roll shall be entitled to vote at such election held during the year:

Provided further that a fresh Electoral Roll shall be prepared and published for each general election held under sections 24, 552 and 554 (*2*) (*ii*) of the Act.

Nomination and Registration of candidates.

17. (*1*) Not less than 45 days before the election day the Commissioners at a meeting shall fix for the nomination of candidates a date which shall not be less than 35 days before the election day. On or before the date of nomination so fixed every candidate for election shall cause to be delivered to the Chairman a nomination paper in Form B annexed to these rules.

(*2*) No nomination paper shall be valid if it is not signed by the candidate, or if it does not give the particulars required in columns 2, 3, 4 and 5 of the said form, or if it is not signed in columns 6 and 7, respectively, for each ward for which the candidate proposes to stand by at least one voter of each such ward as proposer and one voter of each such ward as seconder of the candidate or unless accompanied by a receipt for the deposit of the amount required by section 35 of the Act.

(*3*) Not less than 32 days before the election day the Chairman shall publish a notice in Form C annexed to these rules at the municipal office, fixing the time at and date on which the nomination papers will be scrutinised by him, such date being not less than 26 days before the date fixed for the election.

(*4*) At the time and on the date so fixed, the Chairman shall, at the office of the municipality, scrutinise all nomination papers in the presence of the candidates or their agents if they appear, and shall register as candidates all those whose nomination papers are found to be valid.

(*5*) Not less than 25 days before the election day the Chairman shall publish at the municipal office a list of the candidates registered under sub-rule (*4*). These candidates shall be deemed to be registered as such from the date of publication of the list.

18. Any candidate may withdraw his candidature by a notice in writing which must be subscribed by him and be sent to the Chairman within three days of the date of his registration as a candidate under rule 17(*5*) or rule 20(*2*), as the case may be. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

19. As soon as possible after receipt of a notice of withdrawal under rule 18 the Chairman shall cause written intimation thereof to be published in some conspicuous place in the municipal office, and, if the municipality has been divided into wards, also in the ward to which the matter relates.

20. (*1*) If any person who has filed a nomination paper under rule 17(*1*) finds that his name is not included in the list of candidates published by the Chairman under rule 17(*5*) or disputes the right of any other candidate to be on such list, he may appeal to the Magistrate in writing within three days of the date of publication of such list. The Magistrate shall make such order as to the insertion or omission of the name as appears to him to be just, and shall forward a copy of his order to the Chairman so as to reach him not less than 15 days before the date of the election; and the Chairman shall on receipt of the order amend the list, note upon it the date of such amendment and forthwith publish at the municipal office and, if necessary, in the respective ward or wards, the amendments made in the list.

(*2*) A person whose name has thus been newly inserted in the list shall be deemed to be registered as a candidate from the date of such insertion.

(*3*) The order of the Magistrate shall be final.

21. Not less than ten days before the date fixed for the election the Chairman shall publish at the municipal office a revised list of candidates containing all the alterations and amendments made in such original list whether by the order of the Magistrate under rule 20 or in consequence of the withdrawals of candidates under rule 18. The revised list thus published shall be the final list of candidates for the election.

Conduct of Election.

22. (*1*) When in any ward or in any special ward one or more seats are reserved for a minority community, the following candidates, if registered under rule 17 (*5*) or 20 (*2*), shall be declared to be duly elected, that is to say—

(*a*) if the number of candidates of the minority community is not greater than the number of seats reserved for it—all such candidates;

(*b*) if the number of candidates of the minority community is not less than the number of seats reserved for it, and the total number of candidates of all communities does not exceed the total number of vacancies—all candidates:

Provided that, if in any case referred to in clause (*a*) the number of candidates other than those of the minority community does not exceed the number of vacant seats not reserved for the minority community, all such candidates of other communities shall also be declared to be duly elected.

(*2*) When in any ward seats are not reserved for a minority community, all registered candidates shall be declared to be duly elected if their number is not more than the number of vacancies.

(*3*) In all such cases, the declaration shall be made by the Chairman in writing, against the name of the candidate concerned, in the final list of candidates published under rule 21.

(*4*) If the number of registered candidates is greater than the number of vacancies, a poll shall be held.

23. (*1*) Before the date of publication of the final list of candidates under rule 21, the Commissioners at a meeting shall fix the place or places (hereinafter referred to as polling centres) at which the poll shall be held on the election day and the hours between which voters shall be admitted into the polling enclosures,

provided that if they fail to do so, the Chairman shall fix such hours and such polling centres.

(*2*) The poll shall be held at the time and at the polling centres so fixed,

provided that where it is considered necessary, separate polling centres may be fixed for the recording of votes by female voters.

(*3*) The poll of a special ward shall be held at the same time and at the same places as the polls of wards which constitute it.

(*4*) Notice of such time and such polling centres shall be given by beat of drum and by the publication of notices at the municipal office at the same time as the publication of the final list of candidates under rule 21.

24. After the hours mentioned in the notice referred to in rule 23, no person shall be admitted within the polling enclosure but the votes of all duly registered voters who are already within the enclosure shall be recorded.

25. Each voter shall be entitled to vote for the ward and for the special ward, if any, in respect of which his name has been registered, and for no other, and to give as many votes as there are vacancies for each ward for which he is thus entitled to vote:

Provided that he shall not give more than one vote on the same voting paper to any one candidate.

26. (*1*) There shall be in each ward at least one polling centre.

(*2*) Where there are more than one polling centre in a ward the Commissioners shall cause a notice to be published showing the names and serial numbers as given in the Final Electoral Roll of persons whose votes will be recorded at any specified polling centre in the ward.

(*3*) The Chairman may, if he thinks necessary, provide more than one polling booth in a polling centre and shall cause a notice to be published at the gate of each polling booth showing the serial numbers, as given in the Final Electoral Roll of persons whose votes will be recorded at the booth.

(*4*) The Commissioners at a meeting shall appoint a polling officer who is neither himself a candidate for election nor the agent of a candidate to preside over the election at each polling centre, and where there are several polling centres in one ward or where there is a special ward consisting of a group of wards shall declare one of the polling officers to be chief polling officer.

(*5*) If a polling officer for any reason fail to attend, the Chairman shall appoint another fit and proper person who is not himself a candidate or the agent of a candidate, to take his place.

(*6*) To assist the polling officer, there shall be appointed by the Commissioners at a meeting an Election Committee consisting of not more than five ratepayers of the ward who are not themselves candidates or agents of candidates. No election shall be void because any or all of the members of the committee fail to attend: if less than three members attend, the polling officer may appoint other ratepayers not being themselves candidates or agents of a candidate up to the number of three and the persons thus appointed shall then be deemed to be members of the Election Committee.

27. (*1*) On the morning of the election day the Chairman shall supply the polling officer with the following:—

(*a*) a ballot box provided with an aperture for receipt of voting papers;

(*b*) an instrument for stamping the official mark on such papers;

(*c*) a copy of the Final Electoral Roll, with the particulars prescribed in rule 26 (*2*);

(*d*) a bound book or books containing as many voting papers serially numbered in foil and counterfoil as there are voters entered in the Final Electoral Roll for that polling centre, and other persons entitled under rule 34 (*1*) to vote at that polling centre;

(*e*) if necessary for use in connection with an election in a special ward, a special ballot box of distinctive colour and a bound book or books of special voting papers of the same colour as the ballot box.

(*2*) The Chairman shall cause to be provided at each polling centre sufficient writing materials with which voters may mark the voting papers.

(*3*) The official mark shall be kept secret until the commencement of the polling.

28. The voting paper shall be printed in English or both in English and Bengali in Form D annexed to these rules. The names of candidates in English shall be in alphabetical order. When the voting paper is printed in both the languages the name shall be printed in Bengali below that in English in each case.

29. With the object of safeguarding the secrecy of the ballot and of preventing undue crowding, the Chairman shall divide each polling booth into two rooms or compartments, hereafter called the inner and outer compartments. Votes shall be recorded in the inner compartment.

30. (*1*) On the election day the polling officer shall admit to the outer compartment of the polling booth the candidates and such agents as may be selected by the candidates, to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(*2*) Only voters, members of the Election Committee and such other persons (if any) as the polling officer may by special directions admit, shall be allowed to enter the inner compartment of the polling booth.

(*3*) No candidate or agent of a candidate shall be admitted into the inner compartment except for recording his own vote.

(*4*) The polling officer shall regulate the number of voters to be admitted at any one time into either the inner or the outer compartment.

31. Immediately before the commencement of the poll the polling officer shall satisfy such persons as may be present in the outer compartment that each ballot box is empty and shall then lock it and place upon it his seal in such manner as to prevent its being opened without breaking such seal.

32. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any of the following four grounds:—

(*1*) That his name is not on the Final Electoral Roll of the ward in respect of which the election is being held.

(*2*) That his claim to be a certain voter shown on the Final Electoral Roll is false.

(*3*) That he has already voted.

(*4*) Where there is more than one polling centre in a ward, that under rule 25 he is not entitled to record his vote at the polling centre in respect of which the objection is raised.

33. The procedure for recording a vote shall be as follows:—

(*i*) There shall be no voting by proxy.

(*ii*) As each intending voter enters the outer compartment, his name and his number in the Final Electoral Roll shall be called out, so that everybody present can hear them.

(*iii*) No objection to an intending voter shall be entertained except on the grounds mentioned in rule 32.

(*iv*) Any objection shall be summarily decided by the polling officer, who may for this purpose take such evidence as may be available on the spot.

(*v*) If after taking such evidence the polling officer disallows the objection or if no objection is raised, he shall hand the voter the foil of a voting paper for the ward and for the special ward, if any, and shall allow him to proceed to vote.

(*vi*) Immediately before a voting paper is delivered to a voter, it shall be marked on the back with the official mark and an indication shall be placed in a copy of the Electoral Roll against the number of the voter to denote that he has received a voting paper, but no note shall be made of the particular voting paper which he has received.

(*vii*) The number of the voter in the Final Electoral Roll shall be marked on the counterfoil of his voting paper.

(*viii*) A voter who has received a voting paper shall forthwith be directed, by the polling officer or a person (not being a candidate or his agent) deputed by the polling officer for this purpose, to a place set apart therefor in the inner compartment and shall there mark a cross, within the space headed "voter's mark" on the voting paper, against the name of any candidate for whom he intends to vote. He shall then conceal his vote by folding the voting paper and shall put the paper so folded into the ballot box. He shall vote without undue delay and shall quit the polling enclosure as soon as he has put the voting paper into the ballot box.

(*ix*) If a voter has been given voting papers both for the ward and for a special ward, he shall put the respective papers into ballot boxes of the colours to which they correspond.

(*x*) If the voter is unable to read the voting paper or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter at the place set apart within the inner compartment under clause (*viii*) of this rule, provided that if the voter so request he shall do so in the outer compartment. The voter shall then put the voting paper folded as prescribed in clause (*viii*) into the ballot box.

34. (*1*) A polling officer or a member of an Election Committee at a polling centre where he is not entitled to vote shall be allowed to record his vote there on his producing a certificate on a ballot paper from the polling officer of another polling centre that he is entitled to vote at such other centre.

(*2*) His vote shall be recorded in the manner prescribed in rule 33 except that, his voting paper after being filled in and folded as there prescribed shall be placed, with the certificate, in a sealed envelope by the polling officer and sent to the polling officer of the other polling centre who shall remove it from the envelope and put it in the appropriate ballot box.

35. It shall be the duty of the polling officer and the Election Committee to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any other person, that no persons are admitted to either compartment except under these rules and that persons who have recorded their votes or against whom objections have been allowed are caused to leave immediately. It shall also be their duty to see that these rules and any special directions given by the polling officer thereunder are strictly observed.

36. (*1*) On the conclusion of the poll, the polling officer shall, with the assistance of the Election Committee, in the presence of the candidates or their agents, if any—

(*a*) satisfy himself that the seals affixed to the ballot boxes under rule 31 are intact, and either

(*b*) forthwith, when there is only one polling centre in the ward, open the ballot box and scrutinise the votes in accordance with rule 37, or

(*c*) when there are several polling centres in the ward or in the case of a special ward send to the chief polling officer the ballot-boxes and the books of counterfoils and unused foils of voting papers and the marked copy of the Electoral Roll properly sealed with his own seal and the seal of such candidates or agents as may desire to affix their seal.

(*2*) The chief polling officer shall thereupon with the assistance of the Election Committee, in the presence of the candidates or their agents, if any, satisfy himself that the seals are intact, open the ballot boxes and scrutinise the votes in accordance with rule 37.

37. Any voting paper not marked, marked otherwise than with a cross, or marked elsewhere than in the space provided for the purpose, or on which more crosses are marked than there are vacancies, or on which a cross is so placed as to make it doubtful to which candidate the vote has been given, or on which any mark is made by which the voter may be identified shall be invalid. A note to this effect shall be made upon it by the polling officer and it shall not be included in the count.

38. When the voting papers have been scrutinised the polling officer or chief polling officer shall with the assistance of the Election Committee, in the presence of the candidates or their agents, if any, count the valid votes and declare to be elected in any ward or special ward the candidate or candidates to whom the highest number of votes has been given, in the following manner:—

(*a*) In a ward where there is a seat reserved for a minority community he shall declare the result first of the election to the reserved seat and afterwards of the election to the other seat.

(*b*) Among the candidates belonging to the minority community, he shall declare elected to the reserved seat that candidate who polls the highest number of votes.

(*c*) If there be an equality of votes and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, he shall by drawing lots in such manner as he may determine select one of such candidates whom he shall declare to be elected.

39. The polling officer or chief polling officer shall forthwith, if not himself the Chairman, report in writing the result of the election to the Chairman.

40. When a candidate has been elected for more than one ward,—

(*a*) he shall be declared by the Chairman to have been elected for such ward, if any, out of those wards, in which the election has been uncontested,

(*b*) otherwise, within five days from the date of the election, he shall declare which of such wards he will represent:

and if he fails to make such declaration, the Chairman shall forthwith declare the ward which such candidate shall represent. In either case such candidate shall be held to be elected in the ward in respect of which a valid declaration has been made under this rule and in every other ward for which the said candidate has been elected the result of the election shall be determined as if no votes had been recorded for him:

Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

41. A second election, under section 26 of the Act, shall begin at the stage from which the original election failed, *e.g.*, if the election failed at the time of polling a fresh poll only shall be held or if the election failed for want of candidates, fresh nominations shall be called for.

42. When the voting papers have been scrutinised and counted the polling officer or the chief polling officer, as the case may be, shall forthwith replace them in the ballot box from which they were taken and seal it in the manner prescribed by rule 31 and rule 36 (*1*) (*c*). He shall also seal up the books of counterfoils and unused foils of voting papers and also the copy of the marked Electoral Roll, with his own seal and the seal of such candidates or their agents as may desire to affix them. If he is not himself the Chairman, he shall make them over with the ballot-box to the Chairman to be kept in safe custody until the books and the voting papers are destroyed under rule 43.

43. On the expiry of 30 days from the date of the declaration of the result of the election, or, if an election petition has been filed under section 36 of the Act, as soon as possible after the disposal of the petition, the voting papers in the ballot boxes and the sealed books containing unused voting papers and counterfoils shall be destroyed in the presence of such municipal commissioner or officer as the Commissioners at a meeting may appoint for this purpose.

44. The list of duly elected candidates for the whole municipality shall be forwarded by the Chairman through the District Magistrate to the Commissioner of Division for publication by him in the *Calcutta Gazette*.

45. In a municipality where the Magistrate is the Chairman, the duties assigned to the Chairman in these rules shall be discharged by the Vice-Chairman.

46. If, in any case, such a course appears to the Local Government to be necessary, it may direct that the Magistrate shall perform all or any of the duties assigned by these rules to the Chairman or the Commissioners at a meeting.

47. No person having directly or indirectly by himself or his partner any share or interest in any contract or employment with, by or on behalf of the Commissioners, or holding any office of profit under the Commissioners, shall directly or indirectly, engage in canvassing for votes or otherwise assist in the election of any candidate otherwise than by giving his own vote.

48. All costs incurred in the preparation, printing and publication of the Electoral Rolls, the publication of notices, the holding of elections, or the taking of any other necessary action under these rules, shall be payable by the Commissioners out of the municipal fund.
